

STOCKS

When you invest in **STOCK**, you buy ownership shares in a company – also known as equity shares. Your return on investment, or what you get back in relation to what you put in, depends on the success or failure of that company. If the company does well and makes money from the product or services it sells, you expect to benefit from that success.

<http://www.newslink.org/> This service, from American Journalism Review, provides access to over 4,000 newspapers, magazines, broadcasters and news services worldwide, including Business News Sources and Business Magazines.

<http://www.bloomberg.com/> This is the public version of the Bloomberg site. It includes stock quotes, news, portfolio tracking, and other market information.

<http://money.cnn.com/> News, quotes, portfolios, and links to Money and Fortune magazines.

<http://www.morningstar.com/> Not just for mutual funds anymore. Includes stock and bond information, chart and screening tools. Free registration or a subscription required for some sections.

<http://finance.yahoo.com/q/hp?s=> Find historical stock quotes for companies going back to the 1960's with this handy tool from Yahoo Finance. You will need to enter the stock symbol.
