

Genealogical Policy

The Mt. Pleasant Public Library maintains a local history/genealogical area. This area houses materials of importance to the history of Mt. Pleasant, Henry County and surrounding counties and materials on Iowa. Genealogy and local history materials are not available for checkout.

The library is happy to help people with genealogical questions. However, questions requiring extensive research might be referred to local residents who do genealogy research.

If the library research requires over two hours of research and/or more than five pages are copied the patron will be charged a flat fee of \$2.00 or \$.25 per copied page whichever is more.

**Approved by the Mt. Pleasant Public Library Board of Trustees
February 10, 2009**
